---

Well, I think I noted early in the season I was not going to do a lot of calendaring however I thought I'd take a moment on some updates that I have.

This will pass by like a Burma Shave sign so pay close attention:

- April 29-24 The Walter Mitty Challenge / Road Atlanta  
Keith, Dennis and I are going over for another round this year. There's still room left if your interested give me a call at (601)607-702.
- April 30 The Natchez Trace Festival  
I think the date is correct it a great festival on the square in Kosciusko MS. A couple of us made it up last year and had a great time.  
For additional info call Ron Stucky at (662) 290 - 0765 or e-mail at [rstucky@chickencatcher.com](mailto:rstucky@chickencatcher.com)
- May 13 - Birmingham British Car Show  
Tannehill Park south of Birmingham. Pat and I made it over last year and had a great time. I'll be returning again this year. Tom Warren has indicated it'll be bigger and better than last. Tom drove his MG F -150 over last year. You can link from our web-site or call me (601) 607 - 7021.
- May 21 The EMC Drive Thru History  
Ron and Haven Stuckey have worked up a great trip for us this year. We're still working on the departure location from Jackson. For everyone that's wondered where he got the e-mail address from now's your chance.  
This year we tour to Kosciusko then down to Meridian for the overnight stay. Ron has requested that if your interested please give either of us a call so we can be sure we have sufficient rooms and meals. For info call me at (601) 607 - 7021. Or Ron at (601) 662) 290 -0765. More info to follow.

**The Natchez Trace Tour**

I received a call from past president Terry Trovato this afternoon. This one is coming up fast so be sure to make

some notes. Terry has been contacted by the organizers for the Grand Opening Celebrations of the Natchez Trace. The Tour will start here in Jackson at 8:30am and travel down the Trace to Natchez for opening festivities at Melrose. Due to the short time notice Terry, Ron Stuckey and I agreed that I'd post a notice for anyone interested that couldn't make the Drive Thru History.

We think that anyone that can participate would really enjoy the event as all in this area really enjoy to relaxed tops down touring offered on the Trace and it'd be another great opportunity to get or LBC's out in front of the public.

The catch is that you must contact Terry no later than 12:00am on April the 28th, that's this Thursday so that he can pass info onto the organizers. Terry will need to know your name, the year, make and model of your automobile. For additional info contact Terry after 6:00pm at (601) 442 - 8684.

May 28 1st Annual Shake Rattle and Roll Car Show  
Smith - Wills Stadium Jackson MS.  
Hosted by The Mississippi Classic Cruisers Car Club.  
Show time is 11:00am to 3:00pm. Awards and dash plaques.  
For additional info contact Bert Craft (601) 259 - 3549.

Well that get's us thru May and I'm sure that's not all.

I wanted to apologize to members that did not get the word on the MOG South Spring Meet that Joe and Cynthia Speetjens put together in Natchez on April 15th. I understand that it was a great event with 15 Morgans from around the country and Canada taking part. Terry has written a nice piece that I'll post in the upcoming Off - Side Undo.

If you are interested in volunteering to assist the EMC by submitting articles, maintaining the club calendar or getting special projects off the ground please let me know. Your assistance is always welcome.

Now I got Ole Red out in the garage looking something like the Scarecrow from the WOFO and Martha indicating if I don't get him reassembled I could find myself in Kansas. I'm outta time.

Happy Motoring

Gene Johnston
