The meeting will begin at 2:30 on Sunday, February 12, and will cover our plans for 1984. We hope to discuss one or more club tours (a Gluckstadt to Land's End Trial?), a British Car Day, workshops, and any other project which may be suggested.

Our entertainment for the afternoon will be the presentation of the 1954 Rallye des Alpes film showing the then-new TR-2's, some MG-TF's, XK-120's, 100-4's, Sunbeams, Porsches, and even a Morgan. It is a fascinating film and a British car buff's delight. Thanks again to the Delaware Valley Triumphs for making the film available on video tape (and we are certainly looking forward to seeing Volume II)!

Snap! Crackle! Pop!

Overheard at a recent New Year's Eve fireworks display: "That's nothing. My Triumph did that last week!"

February Meeting

The next CMC-VTR meeting will be held in the home of Alex & Tere Wade in the Crossgates area of Brandon. Members and guests are welcome, and you may call 825-9611 for directions.

Don't forget - this is the last month to re-up your membership by sending in your \$5 and an application to the Chapter's post office box. Please don't miss out on this year's fun!

New member Kerry Ryan of Metairie, LA, wrote in to share pictures of his recently restored TR-250. Kerry did all of the work himself, starting with a basket case, and says that he has contributed much to Charles Runyon's well-being. The car was heavily rusted and was totally dis-assembled and rebuilt with the exception of the motor, which was still strong.

Kerry hopes to join us at the next British Car Day and we look forward to meeting him.
