ENGLISH MOTORING CLUB

From the Chief: "It's Not the Leaving of Liverpool that Greaves me..."

It appears that your Chief will be on an assignment in Washington, DC from around May to September. While "polishing the knocker on the big front door" (see Gilbert and Sullivan) may advance my career to some extent, I am loth to leave the Vicksburg-Jackson-Meridian Metroplex for so long a time. The artillery impact areas in which I have worked over the past couple of years were not as frightening as the prospect of being inside the Beltway again and particularly during an election year. For the moment I will ask, here in print, the Keith Anderson again handle the Tops Down Party tentatively scheduled in the Coming Events. I will also ask Pat Cashman and Alex Wade to do the meetings with the Highland Games Committee. I will have the basics for our show laid out before I leave so there is only the day to day coordination to keep up.

My thanks to the Andersons and he Steve Collins' who coordinated and hosted the Christmas Party and to Pat Cashman, Wardell Conway, Wilburt Easom and Dennis Loftin who transported dignataries in the Governor's inaugral parade. Pat got to drive Miss Farm Bureau, and at least had someone who could push if the battery went down.

I have been both between computers and on a learning curve with my new machine therefore the "Undo" has been late. My apology. With this issue I will be able to finally get the loose ends from the British Car Day and Highland Games sorted out.

Incidentally Pat and John Cashman have been seen riding around in a big red car that may be some kind of a Jaguar. I know Pat wouldn't drive Italian.

There is a new British Car club now in the Baldwin County, Al (Mobile) area, the Marde Gras MGs. I hope you will join me in wishing them good fortune in their effort and attend their show (21 September).

Three good British car events are listed in the "Coming Events" I plan the get to them all. The Neworleans folks have really good food, the Pensacola folks have good hospitality and try real hard, and the new Panama City show is greatly the responsibility of the Churchills, and I think they'll do a great job for the first real show there. I have additional information on these events so give me or the person listed a call.
