Down By The River
Brits By the River 2007

The EMC was blessed with another great turnout under sunny skies for the 10th annual Brit's By The River for 2007. Held for the 5th year with the Jim Bowie Festival in Vidalia La. a great crowd of participants and onlookers gathered on the banks of the Mississippi River.

Friday nights hospitality gathering drew a large and lively crowd for the beginning of the fall car show tour for our area British Car Clubs. Folks from as far away as Texas and Florida making the trip in for the festivities.

Under sunny skies forty eight cars were on the show grounds for the show with some great examples of Triumph, Austin Healey, Lotus, MG and even a Marcos appearing.

Yes, again the action was hot with everyone migrating to the more shaded area for a respite from the mid-day sun.

A special thanks to everyone in the EMC that made the 2007 show one of our best and those that came in to join us in the fun.
